

New Member Recruiting

When recruiting new members...

You may initiate eligible students who have completed one academic year. You are encouraged to initiate sophomores...it helps strengthen the chapter, create more people for service projects and build continuity from year-to-year.

Chapters may initiate students in both the fall and spring semesters.

Recruitment brochures are available on the AZ Web site.

All outstanding invoices must be paid before new members can be initiated.

Certificates and pins should be presented during the initiation ritual. It takes a minimum of two weeks to process membership applications.

A \$5 late fee per application applies if they are received after the initiation date.

Applications are processed in the order they are received.

Requests for expedited delivery will be subject to shipping fees.
